Business Advice Times Six

The Chairmen's RoundTable, a San Diego nonprofit organization that matches successful executive officers as mentors to local business owners, recently named six new members to their team. The additions include Anita Busquets, whose experience comes from several years in biotech with companies such as GeneTex and NCE Pharmaceuticals; Larry Trammel, whose background is in aerospace; Martha Dennis, who founded Pacific Communications Services, Inc. and WaveWare Communications; Rod Bolton, who has served on the San Diego Chamber of Commerce and the American Electronics Association; Frank Creed, who is the chief technology officer of Pacific DataVision; and Jeff Campbell, ex-chairman of the Pillsbury Restaurant Group. The members will now offer their advice and guidance, free of charge, to small business owners in the area.
